ABSTRACT

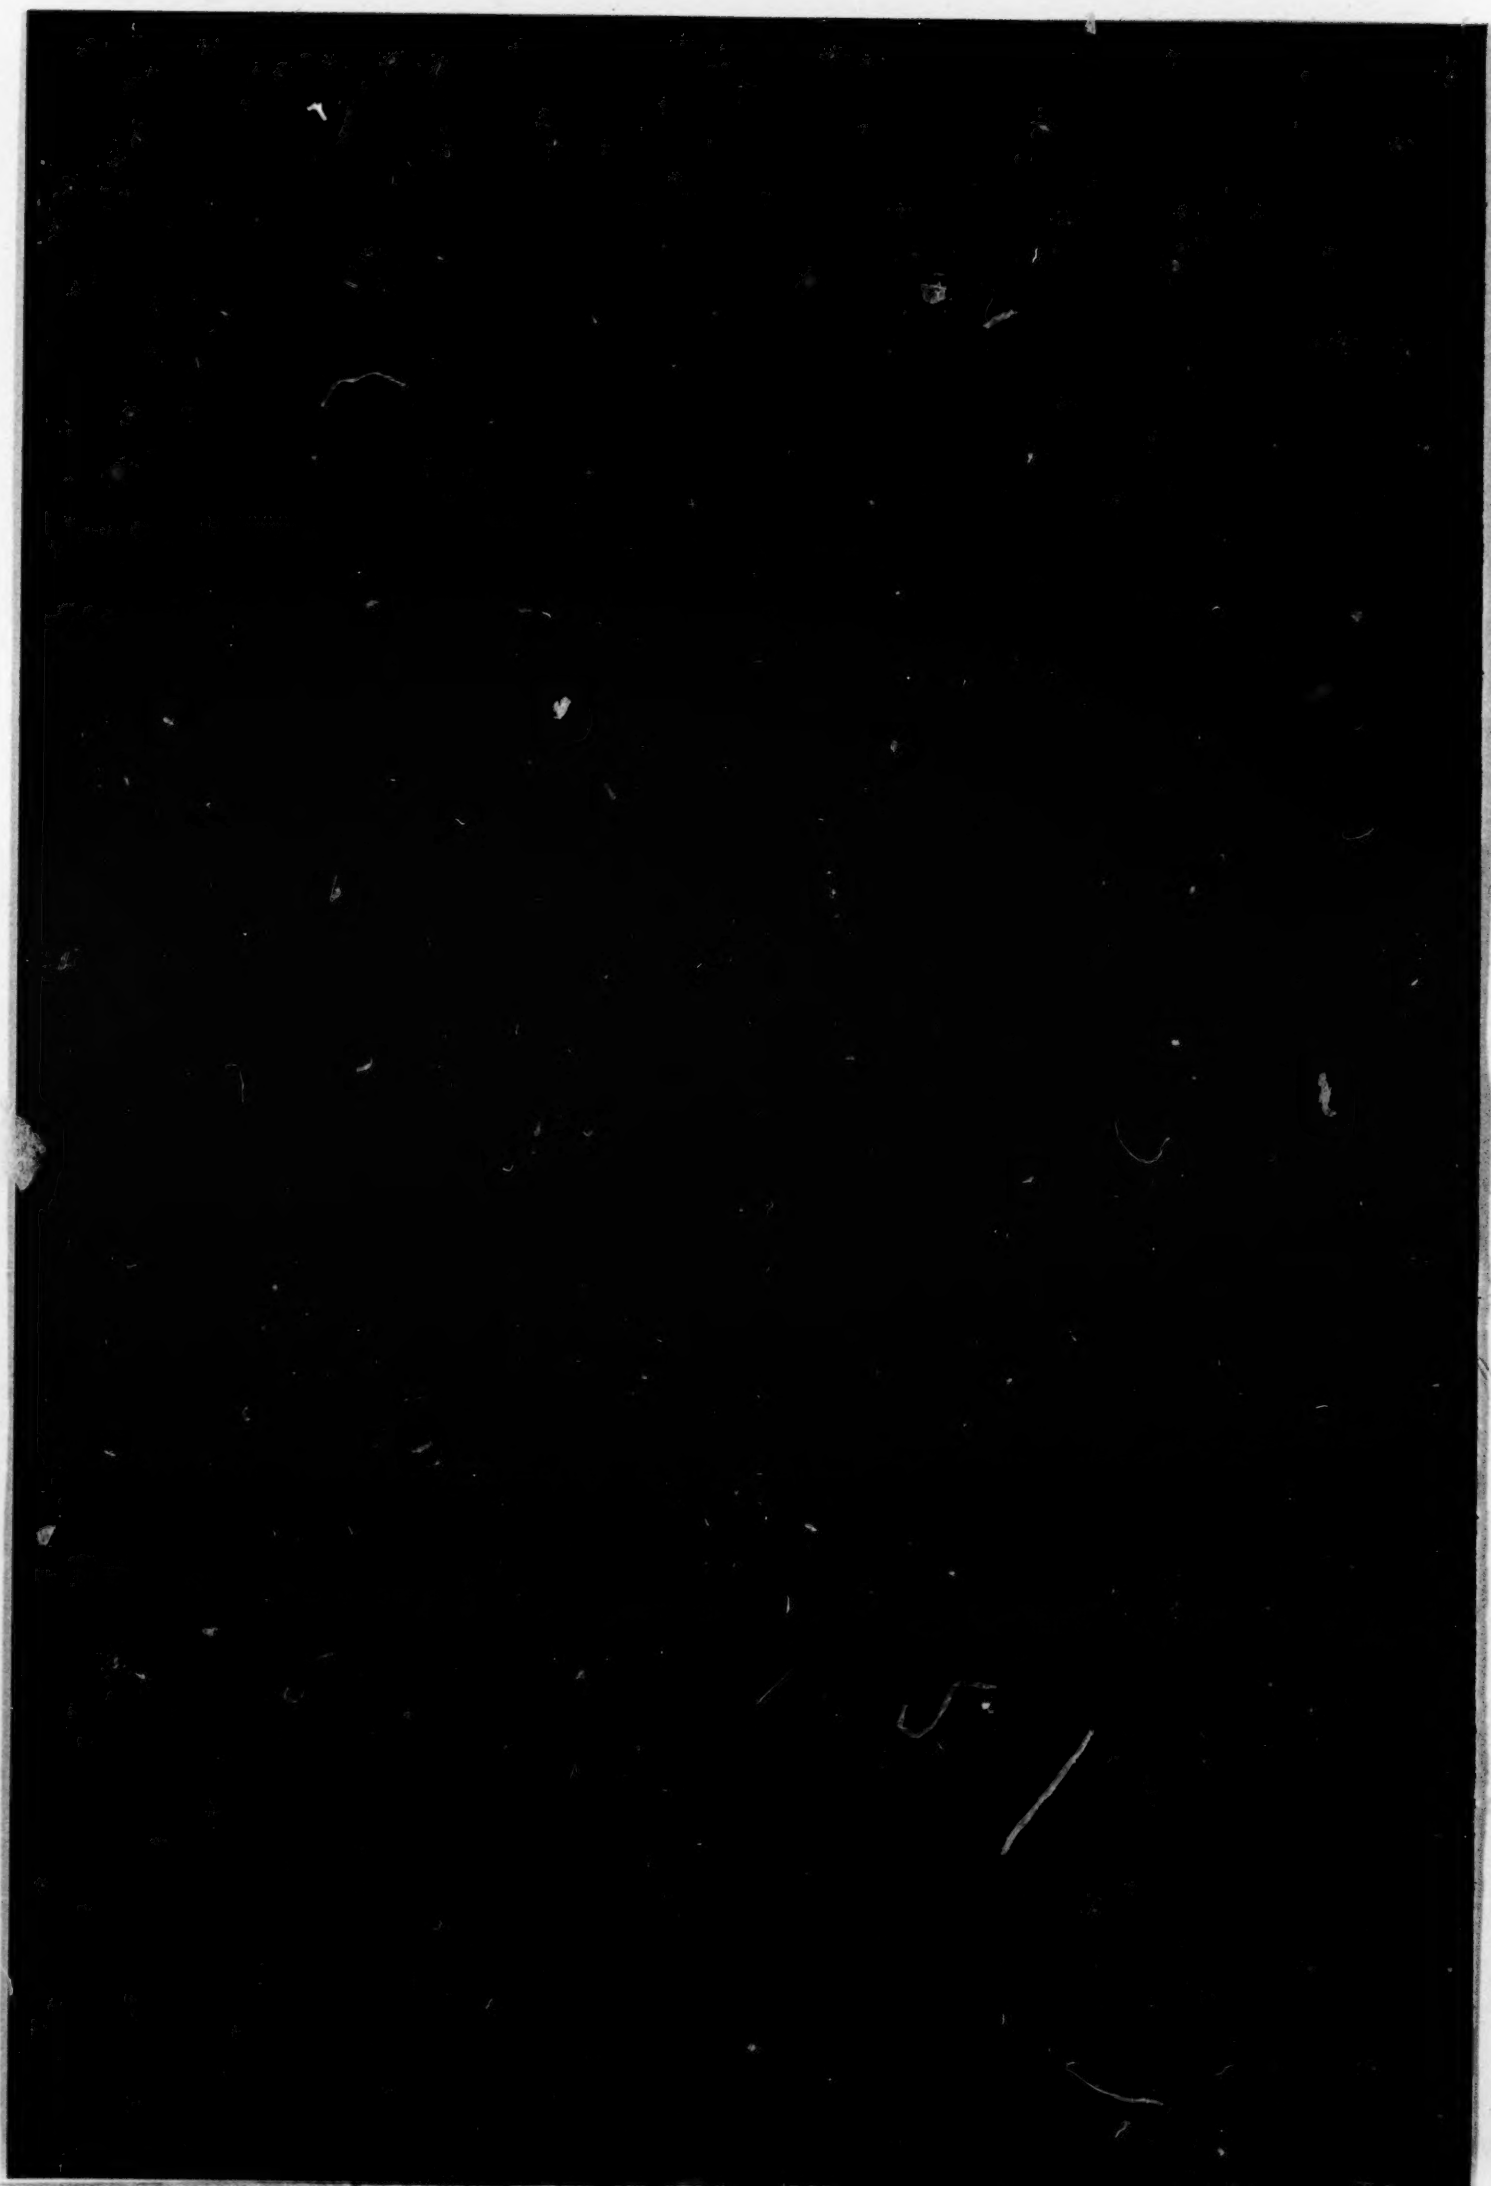

This eighth in a series of such catalogs lists all items pertaining to foreign language instruction that were accessioned by all Educational Resources Information Center (ERIC) Clearinghouses from May through October 1971. Entries are organized alphabetically, and a 14-category user index assists in pinpointing items relevant to particular interests. Also supplied are prices for microfiche or hard copy reproductions, ERIC document numbers, and availability information. For previous such catalogs, see ED 026 924, ED 029 538, ED 033 643, ED 037 150, ED 044 990, and ED 047 592, and ED 056 600. (RL)

ERIC Documents on the Teaching of Foreign Languages: List Number 8

Carolyn Monka

This is the eighth in a series of catalogues of those documents related to the teaching of foreign languages which may be obtained in microfiche or hard copy from the ERIC (Educational Resources Information Center) Document Reproduction Service. The list was compiled by means of a close search of computer-generated catalogues of comprehensive ERIC accessions which have been fully processed into the system by the U.S. Office of Education, the MLA/ERIC Clearinghouse, and other ERIC Clearinghouses from May 1971 through October 1971. Attention is called to the fact that a significant number of ERIC documents having primary interest in other fields (e.g., psychology, administration, linguistics, etc.) also have some relevance to foreign language teaching but are not included here.

This is not a classified bibliography; entries have been listed only in alphabetical order. However, a USER INDEX is provided below which will help the reader identify documents on fourteen special topics. (Since all documents accessioned into the ERIC system are subjected to a coordinate indexing procedure and in each case bibliographical information, abstract, and indexing terms are stored on magnetic tape, eventually computer-generated bibliographies on special topics will be a reality.)

The cost of microfiche (MF) is \$.65 per title, regardless of the length of a document. The cost of hard copy (HC) is \$3.29 per title, unless noted otherwise in the report citation. For instructions on purchasing ERIC documents, see the box entitled "How to Order ERIC Reports."

HOW TO LOCATE AN ABSTRACT

The concluding information refers the reader to the place where he can examine an abstract of any document, e.g. [R/E (Oct 1971) 92].

Research in Education (R/E), published since

November 1966, is a monthly abstract catalogue of reports, studies, articles, etc., which have been processed into the ERIC system since 1966. Order from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402 (subscription per year: domestic, \$21.00; foreign, \$26.25; single issue, \$1.75). References to *R/E* give month and year of issue and page number.

User Index

Documents relevant to each of fourteen subjects are identified below by the *bibliography citation number*. For two broad subjects, **TEACHING TECHNIQUES** and **BILINGUALISM**, the choice of documents has been selective, but the discerning reader will find other relevant items in "List Number 8." Occasionally a document is identified under more than one subject. The fourteen topics were chosen because they reflect the bulk of inquiries that have been received at the MLA/ERIC Clearinghouse on Languages and Linguistics.
